

OFF ROAD FUEL CELLS

Standard Off Road Cells (OR)

Fuel Safe offers factory designed Pro Cell® and Enduro Cell® off road systems that give you all the performance and safety of a custom cell without the custom price. Compatible with gasoline, diesel and E85 fuels, Fuel Safe's off road cells offer maximum performance and durability. Upgrade your off road cell with a collector, in-tank pump(s) or dry break for superior performance and fuel delivery. All Fuel Safe off road cells come standard with the following components:

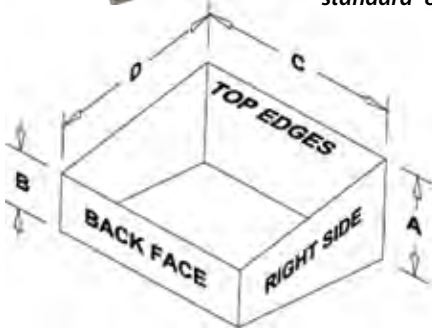

Buggy Cell with standard dual -6 pickups

- Hand fabricated TIG welded aluminum container
- Super tough FIA-FT3 approved Pro Cell® or Enduro bladder
- Standard 3" fill and 1" vent for lightning quick refills
- Full safety foam baffling
- -6 (Buggy) and -8 (Truck) fuel pickup assembly
- 2 year manufacturer warranty

Truck Cell with standard -8 pickup
