

Standard Off Road Cells (OR)

Fuel Safe's off road fuel cells are second to none. We offer factory designed Pro Cell™ and Enduro Cell™ off road systems that give you all the performance and safety of a custom cell without the custom price. FIA-FT3 compliant, compatible with gasoline, diesel and E85 fuels, Fuel Safe's off road cells offer maximum performance and durability for your off road truck or buggy. Upgrade your off road cell with a collector, in-tank pump(s) or dry break for superior performance and fuel delivery.

All Fuel Safe off road cells come standard with the following components:

- Hand fabricated TIG welded aluminum container
- Super tough FIA-FT3 approved Pro Cell™ or Enduro bladder
- Standard 2.5" fill (Buggy) and 3" fill (Truck) and 1" vent for lightning quick refills
- Full safety foam baffling, minimizes fuel slosh and the potential for an explosion
- -6 (Buggy) and -8 (Truck) fuel pickup assembly
- 2 year manufacturer warranty

Off Road Series Buggy Cells with standard dual -6 pickups

Buggy Fuel Cells Part No.	Capacity	Length	Top Width	Bottom Width	Height
OR120BP (Pro Cell™)	20 gal	30"	8"	16"	15"
OR125BP (Pro Cell™)	25 gal	35"	8"	16"	16"
OR125BE (Enduro)	25 gal	35"	8"	16"	16"
OR135BP (Pro Cell™)	35 gal	38"	10"	18"	17"
OR140BP (Pro Cell™)	40 gal	42"	10"	18"	18"
